

Body Donation in Scotland: Understanding what happens after a person dies

Free Webinar

DATE / TIME

Wednesday 30th August 2023, 17.00-18.00

SPEAKERS

Speakers from Anatomy departments representing three universities across Scotland.

TARGET AUDIENCE

Health and social care staff - in particular Doctors, Nurses, Mortuary staff, Chaplaincy staff, Care home staff and Admin staff involved in care after a person has died.

This webinar will cover:

- An overview of the body donor programme in Scotland
- Consent processes and documentation
- The role of health and social care staff following a person's death
- What happens after a person's body is released by a university

A new educational short animated film will also be launched and showcased at the webinar
